

Clearwater Valley Hospital (Idaho)
301 Cedar St | Orofino, ID 83544

Service Area (29,132 population)

 319 community survey responses

 14 partnering organizations

 3 priority health needs

GUIDING PRINCIPLES

1. Collaborate towards solutions with multiple stakeholders (e.g. schools, worksites, medical centers, public health) to improve community health.
2. Build trust through collaboration with community members experiencing health disparities.
3. Prioritize sustainable evidence-based efforts around the greatest community good.
4. Create clear, specific, realistic, and action-oriented goals to improve priority health indicators.

PROCESS

Work Together

Communicate

Children Are Active	Healthy in Mind and Spirit	Transportation
<p>Indicators: Low number of activities for youth to participate in after school and during summer 76% of high school students not physically active 16.6% of high school students watched TV for three or more hours per day</p> <p>Strategies:</p> <ul style="list-style-type: none"> - Develop a recreational center for families - Develop and implement a fit family community program - Offer youth specific health screenings 	<p>Indicators: 35% of high school students report depression symptoms 22% of high school students seriously considered attempting suicide</p> <p>Strategies:</p> <ul style="list-style-type: none"> - Implement suicide prevention campaign - Implement student "mental wellness curriculum" - Establish "road to recovery" support program 	<p>Indicators: High number of elderly and disabled people who cannot drive No public transportation Rural, remote populations</p> <p>Strategies:</p> <ul style="list-style-type: none"> - Explore purchasing own transportation - Explore creating "volunteer-based" system
